We're in Some Very Good Company

BarTender Serves the Big Shots of Industry

To successfully compete in business and industry today, your clients rely on ever more sophisticated software to maximize productivity. Creating labels with the right barcodes, graphics and RFID support is just part of this bigger challenge. Efficient integration of the label printing process with other software is even more critical. That's why hundreds of thousands of users, including users at thousands of the world's largest and most successful companies, depend on BarTender.

Intuitive label design, easy RFID encoding, and fast printing are just the beginning. Easy access to a wide variety of databases, including custom support for SAP and Oracle, ensure reliable integration with other enterprise and supply chain software. Control from other programs and computers is easy too, even from non-Windows platforms. And tech support is free! To learn more, visit our web site or call one of our knowledgeable salespeople.
