

History Explorer does not at this time have its own dedicated white paper. However, there are two good sources of information available. The dedicated [History Explorer section](#) of the “What’s New in BarTender 9.0” white paper contains a detailed overview:

http://www.seagullscientific.com/ftp/whitepapers/WhitePaper_WhatsNewInBT900.pdf#HistoryExplorer

For more technical details about using History Explorer, please install the BarTender Application Suite (either of the two Automation editions, or the Trial Edition), run History Explorer, and then ask for help.
