

Reprint Console does not at this time have its own dedicated white paper. However, there are two good sources of information available. The dedicated [Reprint Console section](#) of the “What’s New in BarTender 9.0” white paper contains a detailed overview:

http://www.seagullscientific.com/ftp/whitepapers/WhitePaper_WhatsNewInBT900.pdf#ReprintConsole

For more technical details about using Reprint Console, please install the BarTender Application Suite (either of the two Automation editions, or the Trial Edition), run Reprint Console, and then ask for help.
